## Wooden Cases

We manufacture custom wooden cases to any dimensions and in timber or plywood. Alternatively, if you can provide details of what you intend to pack, we can propose a suitable container to protect your goods. Cases are manufactured from heat-treated TIMCON approved materials, and are branded with the TIMCON logo and our certificate number for full traceability. We are also able to provide and help with any special requirements such as waterproofing, foil barrier packing or other additional protection. Case Kits from given dimensions, we are able to construct a case, left disassembled which can then be sent as a flat pack kit anywhere in the country.

The case can then be built up by you at your premises, whenever it is required, saving you money and with the convenience of knowing that when your goods have been built, the case is virtually ready too.

Budget Cases also manufacture bespoke crates to your specifications. We also make stillages to stringent safety standards for use in the glass industry.

We are also able to manufacture collapsible hinged plywood cases, which offer great benefits in terms of saving storage space, and are a very cost effective packing solution for certain products.

---

## Crates & Stillages

Budget Cases also manufacture bespoke packing crates to your specifications. The wooden crates are full heat treated in TIMCON certified material.

We also make storage stillages to stringent safety standards for use in the glass industry. We have been supplying into the glass industry for many years and are fully aware of the importance of manufacturing to high safety standards at very competitive prices.

We are very confident we can offer extremely competitive crate prices and would welcome chance to provide you with a direct comparison quote on your wooden crate, or stillage requirements. We manufacture storage crates, and export crates.

Simply tell us your requirements and we will prepare a no obligation quotation for you.

---

## Pallets

We manufacture a full range of standard pallets and also offer a bespoke pallet service in which we will manufacture to suit your requirements. Wooden Pallets are available in standard materials and if required in heat treated, TIMCON certified materials.

Our standard range includes 2 way entry, 4 way entry, pallet tops, reversible pallets, Euro pallets, wing pallets, half and quarter pallets. Special customised pallet collars can also be manufactured on request.

We have many customers who find our quality second to none and are more than happy to use us a sole supplier of wood pallets and other timber related packing products.

---

---

## Cardboard Packaging

We can offer the full range of packaging materials at the best prices, saving you money directly from your overheads. The range includes papers, bags, bubble wrap, document envelopes, tape, polystyrene and polystyrene chips, cardboard boxes, stretch film, corrugated card, banding and banding tools, foam, silica gel, shrink wrapping and more. If you have a current supplier for these, we will beat the prices you currently pay.

We would love to hear from you in order to assess your packaging requirements, we endeavour to be your one source packaging company.

### Shrink Wrapping

We are able to offer an in house and on site / in site shrink-wrapping service to provide additional protection for your goods. Our staff has carried out this service for various applications including wrapping goods directly on a loaded wagon to provide protection from adverse weather conditions when being transported across the channel.

---

---

## Packing

We employ experienced export packers and case makers with over 35 years experience and have provided this service for various industrial sectors. We are able to pack your goods into custom made cases at our premises or alternatively, we can visit your site, pre build a case and then pack your goods at your site if you prefer. Our customers with packing requirements use us time after time.

All our timber products are manufactured from heat treated TIMCON approved materials, and are branded with the TIMCON logo and our certificate number for full traceability.

Our staff has the experience and cares to manage your most delicate goods. We have packed a huge variety of products from many industrial sectors including industrial ovens, compressors, engines, pharmaceutical machines, valves, glass products and antiques.

Our staff are trained to be courteous on all occasions, we are highly flexible and will always strive to meet your export and packing requirements. Please contact us to discuss your requirements we would love to hear from you.

---

---

## Freight

Consignments can be collected, customs cleared and then delivered anywhere in the world by major airlines that have global coverage and first flight availability. Shipment status reports are supplied and consignees or nominated agents informed.

We only work with sea and air freight partners who will ensure service levels are maintained at the very highest standards.

We acknowledge the urgency of airfreight and pride ourselves on achieving demanding delivery deadlines.

Our client base includes several blue chip companies who insist on high levels of service, so we are used to working under pressure.

Our staff members are extremely experienced and we take pride in our work. If you are looking for competitive rates supported by reliable services, then we are the answer.

---

## Automotive

Budget Cases serve customers involved in the automotive industry who supply engines, spare parts, glass components, wheels and other related products.

*"As a brand new supplier of wooden cases and timber products, both myself and some of my packing guys, some of whom are professional case makers, were amazed to see that the quality of timber and the construction of cases matched, and in some instances surpassed anything we had been used to over the years."*

*"Having introduced Budget Cases to our supplier list, I have now calculated that I have managed a saving of around 10% on wooden cases and timber products, which accounts for 70% of my overall packaging budget."*

*"I would like to take this opportunity to thank Budget Cases for their very quick service and turnaround you have to provided, especially when we embarked on our logo change in the last quarter of 2010. The help you provided in this was exceptional, and the speed in which the new company logo's were turned around was brilliant. The new company logo on the cases looks fantastic in two colours, and this was commented on from our senior people within the group, so again Budget Cases must take some of the credit for this."*

Calvin, the distribution manager of a major global service centre for spare parts and components for diesel engines.

## Engineering

Budget Cases have many customers who specialise in engineering services, manufacturing, and servicing a huge variety of engineering disciplines such as rail, and marine engineering.

*"We require very specific made to size export boxes of a high standard and Budget Cases continually provide a top quality product and service to meet our expectations. Along with excellent customer service and a competitive price Budget Cases continually produce quality products to meet our needs, with on time delivery and the willingness to assist when your requirements go beyond expectations."*

Maxine from a major supplier of engineering components into the aerospace industry.

## Glass Manufacturing

Budget Cases are proud to be associated with manufacturers of high quality glass aimed at a variety of markets including toughened glass, and glass for use in the automotive industry.

*"Our long-standing trading history is credited to the unrivalled service, accompanied with high quality products that only Budget Cases can offer."*

Paul the buyer from a manufacturer of toughened processed glass.

## Oil and Gas industry

Budget Cases have supplied huge timber cases manufactured on site for use on oil terminals in the North Sea, the cases were made to the strict oil industry safety standards including fire check coating on the cases.

## Industrial Oven & Compressor manufacturers

Budget Cases have done several packing contracts on site in Poland for a major manufacturer of industrial ovens, this involved our packers being on site in Poland for several weeks. Our customer was extremely satisfied and is more than happy to keep using Budget Cases for supply of cases.

## Valve Manufacturers & Suppliers

Budget Cases supply several major manufacturers and suppliers of valves with cases, and export packing services. We manufacture and stock cases to suit agreed valve specifications, which enables ease of order for our customers and the ability to reduce lead times on delivery for urgent requirements.

*"We have used Budget Cases to pack our valves into timber cases that were made to fit and we found their staff both helpful and courteous. Not only was the job completed on time, they were the most competitive and they even arranged to export the goods for us including the necessary export certification. We would not hesitate to use Budget Cases again."*

Jason the site manager from a major industry supplier of valves and actuators.
